Guests are responsible for any damage caused to the farmhouse or its contents by their pets during their stay.

Guests agree that a reasonable replacement/repair fee will be charged to their credit card if damage should occur.

Pets are to be kept on leash on the upper groomed portion of our property. Please clean up after your pet, waste bags are provided.

Guests are asked to avoid walking their pets on the lower property: around our main house or the studio, to avoid causing our own pets discomfort. There is a front yard and a dog run at the farmhouse that you may use. Please use the main paved driveway to get to the pool room. Our private trail, (marked by the two boulders to the east of the farmhouse) which leads to a beautiful outlook is also available for use, please notify us in advance of using this trail (texting is fine), as we use a portion of it to exercise our dogs privately while guests are here.

Please keep dogs away from the chicken enclosure. Excited dogs can be very stressful to our flock.

If your pet is trained to be off leash, and you would like to arrange a time for an off leash run on the property or on our private trail, please make arrangements in advance with us, so we can ensure our dogs are contained. If you choose to off leash your pet on the local trail systems, please understand that there are risks such as wild animals, other dogs, atvs, holes, cliffs and thorn bushes that could potentially harm your pet. Please use caution, and only allow your pet off leash if they are fully trained with excellent recall. Pets are prohibited from interaction with any local livestock located around the property.

Pets are not allowed in the indoor pool room. If you require a crate we have a medium and large size available for use. If you would like to go out for the day, and need us to provide a bathroom break for your pup, please do not hesitate to ask.
